- Special Protective Equipment: No special measures required.
- Fire and Explosion Hazards: None.
- Hazardous Decomposition Products: No dangerous decomposition products known.

#### 6. ACCIDENTAL RELEASE MEASURES

- Spill Response: spills are unlikely with presaturated wipers, because the wiper fabric has absorbed the liquid solvent solution. In case of a spill, evacuate the area of all unnecessary personnel. Wear suitable protective equipment as listed under Exposure Controls / Personal Protection. Eliminate all sources of ignition. Contain the spill and eliminate its source, if this can be done without risk. Take up and containerize for proper disposal as described under Disposal Considerations. Comply with all government regulations on reporting releases.

#### 7. HANDLING AND STORAGE

- Keep container closed.
- Do NOT get in eyes.

#### 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

- If workplace exposure limits are exceeded (reference TLV / PEL), a NIOSH / MSHA approved air supplied respirator is advised in absence of proper environmental control. Engineering and administrative controls should be implemented to reduce exposure. Transfer material in an approved fume hood or with adequate ventilation.
- Wash thoroughly after handling. Do NOT take internally.
